

School Wide Positive Behavioural Interventions and Supports

Online Tier 2 Team Training Professional Learning for Schools

2022

Dr Sharonne Telfer and Jennifer Payne from Rypple will be providing training to school-based teams to implement School Wide Positive Behavioural Interventions and Supports (SW-PBIS) Tier 2 (supports for some students). This training is offered online in 2022

Tier 2 training is for schools who are already implementing Tier 1, and would like to add some more intensive supports for around 10-15% of their students.

We invite School leaders to attend an online information session about the training and how this can work most efficiently in their schools.– click here to register to receive the Zoom link or go to <https://rypple.org.au/events/>

What would it look like if we did decide to do Tier 2 Training?

Our 9 session, online training guides school teams through the process of designing their Tier 2 system.

- A Tier 2 team will attend sessions via Zoom, in which they will get the knowledge and resources to build all the Tier 2 systems over the course of one school year.
- The team will get a clear action plan with tasks to complete between each training to build the systems to support all students.
- The team will also get all the resources they need to run “mini PL’s” with school staff who may be implementing Tier 2 interventions.
- During each training days the team will get a clear idea of what to do and how, to implement each of the Essential Components of SW-PBIS Tier 2. The training is focussed and interactive, with work time within training and a clear list of tasks to complete before the next session.

Additional training is available.

See: <https://rypple.org.au/services/team-training/> for more information

I think this sounds good, but I would like more information...

Email us info@rypple.org.au to schedule a free online information session.

This session will provide more details about SW-PBIS, training content, time requirements for schools and potential costs.

Online Training Outline

Tier 2 Training content	Session length	Who should attend
Introduction About Tier 2 training, what to expect, time commitments and costs	30 minutes	School Leaders, staff interested in leading SW-PBIS
<p>Readiness for Tier 2 and planning to get ready. Assess Readiness and plan any actions required before Training</p>	1 hour	Tier 1 Leadership Team.
